

FORMATS AND PRICES

OPTION 1

DIGITAL DOWNLOADS

This is a great option as it allows everyone to have a copy of the show in HD - which they can download from our VIMEO server and keep forever. Once downloaded, the show can be watched on any device! It also avoids lost and scratched discs and is a lot 'Greener' - as no use of plastics etc.

This option works a little differently to DVDs as being a digital format it's very easy for parents to share with each other! So we have found the best way is to charge per performer so that everyone involved in the show gets a copy - this also enables us to keep the price nice and low for parents.

As an example - if you had 100+ pupils the download would only be £10.00 each (or per family, we only charge siblings once)

The schools that take up this option charge the parents for the download in advance - usually included in a 'Show Fee', or some other show invoice and parents then know that a copy of the show is included in the package. So we would invoice the school (if 100 downloads £1000.00) prior to sending out the download links. This also means that the school has a full digital copy of the show that they can then use for any promotional purposes etc.

We do have some schools that love the digital option but also know there will be a few parents that also want a DVD copy so we can do this as well. The price of the DVD is then reduced to £13.00 as parents will already have paid for a download. These can be ordered via our website, or on our online shop if this is easier.

OPTION 2

DVDs

The DVD option on its own is £18.00 (2022 price) for a single disc (show under 2 hours) or £20.00 for a double disc (show over 2 hours).

These can either be ordered via the school and we can invoice, or if it's easier parents can order via our website. We require a minimum of 50 DVDs to be purchased to cover our costs.

We usually deliver all the DVDS to the dance school to be collected to save on P&P cost for parents.
